This Bridge will only take you halfway there
To those mysterious lands you long to see:
Through gypsy camps and swirling Arab fairs
And moonlit wooded places where unicorns run free.
So come and walk awhile with me and share
The twisting trails and wondrous worlds I've known.
But this bridge will only take you halfway there —
The last few steps you will have to take alone.

All the doors I closed one time will open up again, all the eyes that watched me once will smile and take me in, I'll drink and dance with one hand free and let the world back into me, Oh I'll be a site to see BACK IN THE HIGH LIFE AGAIN. While there is time, let's go out and do everything, If you hold me, I will let you into my dreams, For time is a rivererolling into nowhere, We must live while we can, and drink our cup of laughter.

Finally I am off to another form of higher education! The college life awaits me. Well being chosen as class individual be to my advantage or will it drag me down during my college years. I am hoping to cross the bridge, to get off this **Rock** and see what life has to offer me. I believe that we are the future of this Great nation, and that all children hold the future of their own country in their hands. For who else will follow in our footsteps. Teach your children well. I would like to see who will be the president when I am old and wise, maybe he or she will be a former Harwich graduate?

Ja, Ja, do you know what I did last night, indeed I killed a football shaped dog. But before I did so I considered the circumstances and made a few phone calls. Further more I like to state: Harwich is not one of the bigger places one can find and it took me a long time back in Sweden to find it on a map. Now I know where it is and hopefully I will one day find my way back here. Thank you everybody and especially the Groswald family for making this and interesting and unforgettable year, or as we say in Sweden . . . Tjenare morsan, farsan, brorsan, mormor, morfar! You are very special to me. As Tabitha and Geneva pressed their backs against the wall, fearing the sniper might shoot them, Kellie bravely walked out into the opening, not noticing that her death (by embarrassment) lay near her foot. Why is your friend using MYYY!!! Watering can? Julie, wanna see my wallet? She's come undone - crash! Kellie, turn around. "It used to seem to me
That my life ran on too fast
And I had to take it slowly
Just to make the good parts last
But when your born to run
It's so hard to just slow down
So don't be surprised to see me

So on I go down that winding road. Now is the time to let my life unfold.

I have given some thought to those many stages. The wonder of life, how we slide through the ages.

How strange it feels to look back on those years. When the silliest occurrences caused the tears.

And how do we know if we can change at all. When memories are so vivid, you can hear their call.

The knowledge I have gained can never be undone. I feel the growth with each new sun.

Now I am free, my goals standing tall. Everything there is to be, with strength to see through it all.

I hope someday I will look back and smile.

Thinking of Harwich as the "golden mile".

BEST OF LUCK TO THE CLASS OF 1988

After many months of difficult labor under Dan O's guidance, we finally completed this wonderful creation. As we started out, our meetings were "Standing Room Only". As we neared the end, we finished up with fifteen dedicated people. These people put the much needed time and effort into producing a yearbook that reflects our many successful and happy years at Harwich High. During this time many new friendships were formed, and many old ones were strengthened. As we each part and go our separate ways, we will always remember the time we spent together working on OUR yearbook.

On March 13, 1987 the Harwich High School Cheerleaders walked into Nauset High with determination to win back our title that Nauset had taken from us in 1986. After many months of hard work and long practices, our dedication finally paid off when we won the 9th Annual Cheerleading Competition. A much deserved thank you to our coach Mrs. Holden (Coach Kath) for sticking with us and giving us the confidence we needed. Thanks again. We love you, Mrs. H.
